# **POLICE DEPARTMENT ANNUAL REPORT**

## **FY 16 Police Annual Report**

### **July 1, 2015 - June 30, 2016**

As Chief of Police I am honored to present the FY 2016 Amesbury Police Annual Report. The Amesbury Police Department is focused on treating people with dignity, respect and compassion, while fulfilling our mission of improving the quality of life for those whom we serve. Modern day policing is shifting before our eyes and your police department is evolving to meet these changes. The six pillars of 21<sup>st</sup> Century Policing include many topics that the Amesbury Police Department has done for years if not decades. The six pillars are classified as: 1) Building Trust & Legitimacy, 2) Policy & Oversight, 3) Technology and Social Media, 4) Community Policing & Crime reduction, 5) Training & Education, and 6) Officer Safety & Wellness. We will continue to commit to improving on these goals so that we may serve you with integrity and professionalism.

I would like to thank the Community for the support it has given the Department and its members throughout the year. It truly has been a pleasure working with and serving such a great community! I look forward to strengthening our collaborative approach to making our City even better for all who live, work and play here.

I would like to acknowledge the men and women of the Amesbury Police Department who, through their hard work, dedication and tireless efforts continue to enhance the quality of life for all the members of this community. Each officer and employee of the Amesbury Police Department embraces the philosophy of the agency, which is to work collaboratively to promote and assure safety and security for all those who live and visit the City of Amesbury. Innovative ideas continue to be encouraged through open dialogue with patrol officers, staff members and community partners. This horizontal approach to problem solving continues to be better suited toward promoting positive change, than the traditional top-down method of decision-making.

2016 has been a busy year for us; we've continued to replace retired officers with new community oriented officers, strengthened our school resource officer program through coordinated efforts with the school district and completed the latest re-accreditation process. Our School Resource Officers have formed a strong partnership with school administrators, faculty and students to promote a safe learning environment. The SRO's are called on daily to assist school personnel in enhancing the objectives of each school. They are involved in all aspects of the students' day, including sporting events, classes, field trips and crisis intervention and guidance as needed.

Currently we have one new female officer that is in the full-time police academy and two new reserve officers attending the reserve academy. All officers are due to graduate in early 2017, at which time they will return to us for field training and indoctrination into the community. With over 30 years of community service in the police profession Lieutenant Jeffrey Worthen has retired this year. I, along with the entire department wish him a healthy and joyful retirement. With Lieutenant Worthen's retirement advancements included the promotion of Craig Bailey to Lieutenant and the Department's first full-time female officer, Lauren Tirone to the rank of Sergeant.

Since 2001 the Amesbury Police Department has been a State Accredited agency. Accreditation requires an agency to develop a comprehensive, well thought out, uniform set of written directives. This is one of the most successful methods for reaching administrative and operational goals, while also providing direction to personnel.

These directives or “standards” provide the necessary reports and analyses necessary to make fact-based, informed management decisions. This is a means for developing or improving upon an agency’s relationship with the community by strengthening an agency’s accountability, both within the agency and the community, through a continuum of standards that clearly define authority, performance, and responsibilities. Accreditation can limit an agency’s liability and risk exposure because it demonstrates that State recognized standards for law enforcement have been met, as verified by a team of independent outside trained assessors every three years. 2016 was our latest opportunity to show we are committed to meeting those standards and we are currently awaiting the results of that assessment.

One of the most devastating issues to arise over the past few years and certainly in 2016 has been the rise of heroin and opioid addiction. During the last year we have seen a dramatic spike in the use and misuse of heroin, fentanyl and prescription pain medication. This has led to numerous overdoses and deaths, families and friends suffering from the long term effects and many left with trying to get help and guidance. During the year our officers have been working with other police agencies, medical personnel and facilities, the Pettengill House and the State Probation Office to develop a program to assist those affected by this epidemic. To date we have collectively developed an assistance information flier to direct people to agencies and programs designed to provide assistance. We are in the process of developing a referral and follow up program with the Pettengill House. The program will allow our officers the ability to provide treatment, recovery, intervention and education information to victim’s, victim’s families and loved ones as they deal with this devastating addiction. The program will also provide the ability to follow up with those affected by working closely with all involved.

The Amesbury Police Department continues to look forward to working with our community partners in making the City of Amesbury a safe and enjoyable place to live.

## **HIGHLIGHTS AND ACCOMPLISHMENTS THIS YEAR**

- AAA Gold Safety Award for Traffic Safety Efforts
- Pedestrian and Child Safety Seat Grants
- Underage Alcohol Education and Enforcement Grant
- Continued support of anti-bullying community initiative
- Top 10 finalist Webber Seavey Award- IACP- domestic violence
- AEFI Hall of Honor- Off Hanshaw
- APD top team fundraiser for ACS Relay For Life of Amesbury
- Promotions: Lt. Scholtz, Lt. Bailey & Sgt. Tirone
- Public Service recognition: Offs. Tremblay & Bower
- Recognition Awards to Sgt. Donovan, Offs. Guilmette, Lannon and LeSage by the Governor, House of Representatives, State Senate and Mayor’s Office for positive involvements with our community youth
- Fireball Run – An adventure Rally designed to bring awareness to missing children and to promote the community
- Citizen’s Survey completed
- National Certification for K-9 Achilles and Officer Nichols
- Development of a multi-agency initiative to address the Opioid issue within the community

# **FIRE DEPARTMENT ANNUAL REPORT**

## **FIRE DEPARTMENT**

### **July 1, 2015 - June 30, 2016**

The Amesbury Fire Department is a multi-disciplinary team of professionals who provide a wide range of emergency services from Fire Suppression and Tech Rescue to state of the art Advanced Life Support Emergency Medical Services. The Department also provides Public Education and Inspectional Services, i.e.; smoke and carbon monoxide detectors, fire suppression systems, oil tanks, propane tanks and gas tanks.

In 2016, Firefighter Gerald Morrill retired after serving the community for over 36 years. We, as a department, thank him for his service and dedication and wish him the best in his retirement. During 2016, we also welcomed three new Firefighter/Paramedics; Chris Allender, Ryan Casey, and Steve Castryck. All three are Fire Academy trained and are now providing outstanding care to the citizens of Amesbury.

The "S.A.F.E" program, under the leadership of Firefighter/Paramedic Jeremey Bean, continues to be a shining star in the community for education of fire safety within our schools. Fire safety programs offered to communities with the "S.A.F.E" trailer have been an overwhelming success with more requests then ever from neighboring fire departments for the "S.A.F.E" trailer and our trained educational staff to teach children and adults about fire safety. Jeremey and his staff members have also started a program to teach our seniors about fire safety in the home and general safety information.

This year, the Department was able to replace an Engine and an Ambulance with new vehicles through a lease/purchase program and have budgeted for this to continue as we replace our oldest fire vehicles through the coming years.

Amesbury Fire Rescue has also become involved in, or is spearheading various community programs such as:

- A smoke detector and/or battery replacement program funded by the hospital charitable fund.
- File of Life Program, which provides material to enable the elderly to keep their medical information and a list of their medications out where responders can easily find it if the patient is unable to communicate the information at the time of an emergency.
- Be a Buddy, Not a Bully Program where wrist bands, donated by Amesbury Chevrolet, are distributed in the schools and guest speakers are brought in to give the students and parents some insightful information about the harm that bullying causes.
- Have a Heart for Veterans in February and Breakfast for Veterans in November are two more programs that we are proud to be a part of.
- Firefighter, Jonathan Tiplady, is heavily involved with providing CPR classes to the Community.

While we continually look to improve ways to meet the needs of the Community, the Fire Department stands ready with a strong work force and leadership team. We look to strengthen our Department with advancement opportunities for the Firefighters and to meeting the challenge of the ever rising requests for our services to the residents of Amesbury.

# **AMESBURY COUNCIL ON AGING ANNUAL REPORT**

## **Amesbury Council on Aging/Senior Community Center**

**July 1, 2015 - June 30, 2016**

*Submitted by, Annmary I. Connor, LICSW- COA Director*

*August 31, 2016*

The mission of the Amesbury Council on Aging is: "To advocate for older adults, to identify their needs, to meet their health, economic, social and cultural needs, to encourage maximum independence and to improve their quality of life."

The COA provides a wide range of services to the citizens of Amesbury. The primary focus is to serve seniors, age 60+, who live in Amesbury in assisting them in maintaining optimum health and remain in their homes. This is done through a wide array of services included but not limited to:

- *Case Management*: fuel assistance, housing, SNAP, SSDI/SSI application, mental health, food insecurity- brown bag, referrals, support, SHINE, crisis intervention, 1:1 home visits, care giver support
- *Greenleaf Supportive Day Program*: Daily support for frail seniors living Amesbury and surrounding communities, for a low fee. Facility based program runs Monday -Friday 9-3p. Structured and supervised activities and support, on-going case management. Integrates youth and community programming/volunteers.
- *Health and Wellness*: Zumba, Tai Chi, exercises classes, yoga, guest lectures on health concerns, hearing clinics, podiatry, clinical support groups – bereavement, men's group, low vision support group, caregiver support group, evidence base programs, Annual Health fair, blood drives. Evidence programs- Aging Mastery Program (AMP)
- *Nutrition*- a meals on wheels site and congregate meals, brown bag program, weekly food deliveries with Our neighbor tables, daily snacks, sponsored meals
- *Activities*: movies, bingo, cultural council performances, cribbage, bridge, Trips and Tours
- *Arts and crafts*: Art classes, Iris folding, busy needles, painting
- *Community education*: coffee with the chiefs, guest lectures, outreach to community organization, Continuing education units (CEU's) for social workers and nurses.
- *Internship placement at the COA*: 1 Salem State University MSW Interns, 3 Salem State university BSW intern, 1 northern Essex Community College Human Services intern, 4 Simmons College MSW interns, 2 Boston University MSW Interns.(equates to 3 Full time staff)

- Transportation: A partnership with the MVRTA to provide in-town transportation during the COA hours of operation. Northern Essex elder Transport (NEET) volunteer drivers to medical appointments, taxi program through the Amesbury Health Care Charitable Trust.

### **Highlights for FY15:**

The COA Greenleaf Supportive Day program has grown tremendously, this program has services over 20 individuals & families. Greenleaf continues to grow and support our community in aiding seniors in remaining home and independent. The Greenleaf program became contracted with Elder Services of the Merrimack Valley and has established a revolving fund. This program has become self-sustain fiscally and has an average daily census up to 6 per day in a given month. These number due fluctuate due to weather and census. The census has continued to grow. Greenleaf had revenue of over \$40,000 during this past fiscal year.

In Kind services are essential to the survival of the COA. These can be a donation, or goods, time, services. Some examples of in-kind are: donation of daily newspaper, hearing clinics, interns, community television TV shows a total value that was estimated for in-kind services was for FY16 \$283,316- this is more than double from the previous fiscal year.(FY15 \$130,244). In addition the FCOA provides immeasurable financial supports throughout the year-these supports are not included in this report.

The City partnered with the Merrimack Valley Regional Transit Authority(MVRTA) in 2009 to provide services to the senior and disable citizens of Amesbury. Since the partnership began services have grown and the transportation need within the community have been met. These services where restructured in July 2014 to better coordinate and to fiscally sound. In FY 14 the city paid the assessment for this service totaling \$211,932.00 and FY15 was \$87,334.00 and in FY 16 an estimated \$88,948.

Goals outline for FY 16:

#### ***To complete accreditation for National Council on Aging***

This process was started in January 2016 and is still on-going. The process is approximately 80% complete and the gal is to submit by December 2016 to NCOA for review. This has been accomplished through a large amount of volunteers and staff time.

#### ***To secure grants***

With the ending of the tufts health plan foundation grant in December 2015, sustainability was looked to be established. The COA wrote and received a \$125,000 from Massachusetts Council on Aging in April 2016. The purpose of this grant is to provide Elder Mental Health Outreach Team (EMHOT) support services to older adults age 60+, to aid individuals in living a life that meets their mental health needs. This grant will run from April 2016 to June 2017- with and expansion beyond of an additional 1-2 years, thus up to a 3 year grant. This grant was awarded to the Amesbury COA as

the primary grantee and the submit grantee is Pettengill House to provide mental health services to Amesbury and six surrounding communities (Merrimac, Salisbury, Newburyport, West Newbury, Groveland).

The Amesbury COA also received a grant for the Aging Mastery Program (AMP) for \$3,700.

The Amesbury Health Care Trust Commission gave a grant of \$2,000 towards foot care for seniors/disabled in Amesbury

The Amesbury Health Care Charitable Trust gave \$2,280 towards evidence programming and emergency transportation monies.

Central Congregational Church \$1,500 towards prescription reimbursement.

***To strength partnership with community agencies to enhance health and human services to the community***

A Memorandum of understanding was established in September 2015 with Community action to work collaboratively with our interns and our resources to meet the needs of residents in Amesbury. MOU were sent out to 30 Agencies in June 2016 for the EMHOT grant. In September 2015 ACOA started a partnership with National Alliance of Mental illness (NAMI) to be a location of their monthly peer/family support groups. A MOU was established with Pettengill house for the EMHOT grant.

***The devolvement of the Greenleaf supportive day program***

The ACOA has successfully developed a supportive day program for frail seniors in Amesbury and the surrounding communities to come and be part of meaningful activities. This program has grown and has an average daily census of 6 people. The revenues exceed over \$40,000 last year and the program is growing. This program goal is to establish sustainability to the COA and increase services to the entire community by developing a low fee high quality program.

***Develop a cohesive afterhours program for the community***

The ACOA has developed a highly successfully monthly evening program dinner series. The intent of this program is to incorporate our frail seniors and their loved ones into the community in a safe warm milieu. A portion of the registration is reserved for our Greenleaf and caregiver support program and the remainder of the tickets are open to the public. This has been a great way to bring in fun events and dinner. For FY 16 some of the numbers are: (the detailed report is in the State Formula grant)

Category	FY 14	Fy 15	FY 16	Variance from 15-16
MVNP	18,340	18,954	18,618	-336
MVRTA Trips	7,157	5,063	4,842	-221
Volunteer hours	8,892	9,603	10,105	+502
Group support	712	770	555	-215
Fitness/Exercise	2,860	2,701	3,219	+518
Greenleaf	347	718	1,113	+395
Unduplicated seniors	2,858	3,238	3,584	+346

### ***Clinical Services: How we make a difference.....***

Clinical services continue to be the cornerstone to services/resources available to the seniors and citizens of Amesbury. The Amesbury COA has agreements with several colleges: Salem State University School of Social Work, Simmons School of Social Work, Boston University School of Social Work, UMASS Lowell-Community and Social Psychology, Southern New Hampshire College, Northern Essex Community College. It is through these great partnerships that we offer expansive clinical services and the ability to accomplish more of our macro goals. This past year fiscal year a total of 5,536 hours were provided by interns from most of these colleges. This amounts to the equivalent of 3 full time staff working throughout the year, without taking time off. The ability for these interns to join the ACOA, integrate their learning into practice and provide enhanced services to our citizens is great accomplishment. It is due to this intern program that we are able to provide an increased amount of home visits, more 1:1 care and a supportive environment. All the interns are also charged with a macro project to name a few- one managed a snow shoveling and raking program, another worked on a local community level to manage a one night homeless count, a third worked on a video project with the MVRTA on how to use the bus.

The COA services the community as a whole, there are numerous under 60 individuals who utilize services, receive support, outreach and case management. These services have no funding source. There is a high demand for on-going case management in this population. The ACO developed memorandum of understanding with Community Action and Pettengill house during this year to meet these needs.

Outreach is done to the greater community, staff attend public and networking events to access resources, services and brings knowledge of the services to the community. The ACOA has over fifty local business that contribute to programing, resources and funding the FCOA. The use of building after hours has expanded tremendously to the point that the building is often full in the evening and is being utilized 7 days a week.

### ***Grants:***

<b>Grantor</b>	<b>Amount</b>	<b>Purpose</b>
FCOA/Amesbury Health Care Charitable Trust	\$5,300	Support group monies
Amesbury Health Care trust Commission	\$2,000	Foot care grant
Central Congregational Church	\$1,500	Prescription program
Massachusetts Council on Aging	\$125,000	Elder Mental Health Outreach Team (EMHOT): Funding from April 2016-June2017
Amesbury Cultural Council grants	\$1,200	Paid directly to the performers (pastel, mae west, a gothic romance)
<b>Total</b>	<b>\$135,000</b>	

Goals for FY 17:

To complete accreditation process for National Council on Aging

To grow the Elder Mental Health Outreach Team program, have an active status of 40 clients and incorporate community support agencies.

To enhance programming afterhours to reach the boomer population through developing and increased health and wellness program.

# **DEPARTMENT OF VETERANS' SERVICES ANNUAL REPORT**

**Community and Social Services**  
**Department of Veterans' Services**  
**July 1, 2015 - June 30, 2016**

*Kevin Hunt, Director*

Amesbury Veterans' Services provides financial assistance to eligible veterans and their dependents, and assistance with application and appeals of all pension and compensation claims through the Department of Veterans' Affairs. This office maintains partnerships with state and local service providers in the areas of education, employment, substance abuse treatment, and mental health in an effort to address the unique needs of generations of veterans.

In July, 2015, Amesbury Veterans Services joined with Newburyport, Salisbury and Merrimac Veterans Services as part of an Inter-municipal Agreement providing Veterans Services to the members of those respective communities. The combined effort has strengthened the individual departments by combining overlapping responsibilities, as well as providing additional funding for centralization and additional personnel.

In 2016, over \$425,000 was provided to Amesbury veterans and their families through the state-sponsored Chapter 115 program. This program provides financial assistance to Amesbury veterans whose incomes fall below 200% of the federal poverty level. In addition to providing supplementary income to needy veterans for living expenses and fuel costs, these benefits provide reimbursement for insurance premiums, dental procedures, Medicare Part B and D premiums, co-pays, medications, and various medical expenses not covered by health insurance. **Seventy-five percent of all this Chapter 115 money is reimbursed to the City of Amesbury by the State.**

Additionally, the Veterans Officer provides assistance in establishing disability claims, pension benefits, requests for paperwork, or intercession with and to the Department of Veterans' Affairs. It also oversees the placement of a flag every Memorial Day at the graves of the 2,500 veterans buried in Amesbury cemeteries.

The Veterans Office is located on the second floor of the Nicholas A. Costello Transportation Center, 68 Elm Street, at the same location as the Amesbury Council on Aging.

Staff members include:

Robert Stanwood – Assistant Director  
Richard Yarde and Harry Vedrani - Administrative Support.  
Telephone: 978 388-8136 / 978 388-8171

# **REGIONAL HEALTH DEPARTMENT ANNUAL REPORT**

## REGIONAL HEALTH DEPARTMENT

July 1, 2015 - June 30, 2016

(Housing, General Nuisance, Septic, Food & Dumpster)  
9 School St.

**John W. Morris, Director**  
Donna Lickteig, Adm. Asst.

Amy Courtney, Chairperson  
Matthew Steinel, Co-Chairperson  
Lorri Fucile, Board Member

The Regional Health Department is part of an Inter-Municipal Agreement (IMA) to provide services to Amesbury and Salisbury. The IMA was started in October 2009 and has been renewed successfully until June 30, 2018. The IMA calls for the Director of Public Health to provide administrative duties to Salisbury and manage contract inspector for the Town to perform inspections as required by public health laws. The Director also oversees the Public Health Nurse and Animal Control Officer for both communities. In order to compensate Amesbury for service, the Town of Salisbury is billed each fiscal year based upon a formula contained within IMA. The formula requires payment for director services and the public health nurse services in Salisbury. The Town of Salisbury also reimburses Amesbury for on-call animal control services at a rate of 50%. The full-time animal control officer is a Salisbury employee and Amesbury pays 50% of the cost of salary to Salisbury.

The duties of the Health Department are to enforce public health laws, rules and regulations under the following:

***Massachusetts State Sanitary Code for housing, food, camps, pools and beaches; Board of Health Rules & Regulations; Article 25 Animal Control Licensing pursuant to City of Amesbury ordinances; Massachusetts State Environmental Code and various other laws.*** The Director also represents the City of Amesbury and Town of Salisbury as its' Agent for Region 3A Emergency Planning Coalition and the Northern Essex Regional Emergency Planning Committee.

The following is a breakdown of revenues collected by the Health Department, permits issued and complaints investigated which requires numerous inspections and sometimes legal action by the department:

# **AMESBURY PUBLIC LIBRARY ANNUAL REPORT**

# AMESBURY PUBLIC LIBRARY

July 1, 2015 - June 30, 2016

*"The only thing that you absolutely have to know, is the location of the library."  
— Albert Einstein*

Fy16 has been another busy year here at the APL! We have made great progress on making the library space friendly and useable for our patrons.

New slat wall was hand crafted and installed by the wonderful students of Whittier Tech High School. This slat wall not only gave our Adult Fiction section a nice finished look, but it also now provides wonderful display space for our collection. Thank you to Whittier Tech!

In addition, we have worked really hard on the collection development of our Adult Non-fiction collection and are pretty happy with the results.

Here a list of some new services now available at the Amesbury Public Library:

--We now offer a Wi-Fi Hotspot that you can check out and use for 1 week!

--A generous donation from an Amesbury family allowed us to purchase a telescope! Amesbury patrons can check this out for 1 week.

--We have also added a scanner to our computer area.

--A laptop is also available to use in the library.

Stop by the Reference Desk for more information on these items or with any questions or requests you may have.

By the Numbers:

- Museum Passes Used – 1,199 (saving area families over \$23,900 in admission costs)
- Patron Visits – 101,615 (a 49% increase from FY15!)
- Total Circulation – 130,654
- Special Programs offered – 355 (more than 5,100 people attended these programs)
- Reference Questions Answered: Children's Room – 3,884;  
Adult Reference – 3,754
- Overdrive Downloads – 5,776 (a 20% increase from FY15!)
- Patron Internet Hours Used – 6,636 (over 10% increase from FY15!)

We are proud to serve all ages of the Amesbury community and will continue to strive to offer the very best to our patrons.

We welcome you to stop by our website [www.amesburylibrary.org](http://www.amesburylibrary.org), and follow us on

# **OFFICE OF COMMUNITY & ECONOMIC DEVELOPMENT ANNUAL REPORT**

## **Office of Community and Economic Development (OCED)**

**July 1, 2015 - June 30, 2016**

William Scott, Director of the Office of Community and Economic Development

The Office of Community and Economic Development (OCED) is a proactive agency that facilitates resources and creates opportunities to foster economic vitality, preserves and enhances neighborhoods, quality of life and the environment, and promotes equity and opportunity for all residents of Amesbury. We are a team of dedicated public officials who views the needs of the community as opportunities for continual improvement. The Office includes: Community and Economic Development, Planning, Conservation, and Energy and Environmental Remediation. In addition to the below referenced professional staff, the people behind our success include: Joan Baptiste, Executive Secretary, and Barbara Foley, Permit Coordinator. The OCED appreciates and values the time and guidance of the Boards, Commissions and Committee members who offer their valuable time and guidance. This report covers the period from July 1, 2015 through June 30, 2016.

### **Community and Economic Development**

#### **EPA Rapid Response Team Remediation - September 2014 to August 2015 - \$1.2 million.**

In the fall of 2013, PCB's were discovered on the banks of the Back River and the Powwow River at the Water Street park location. The Commonwealth of Mass Department of Environmental Protection (DEP) facilitated coordination with the EPA Rapid Response Team, and, in September 2014 the EPA mobilized a cleanup and bulkhead wall project. The project was completed in August of 2015 with an estimated value of \$1.2 million. This investment by the EPA substantially improved the City's position to complete the Water Street park and Riverwalk projects.

#### **Massworks Grant, Water Street - June 2014 to November 2015 - \$1.6 million.**

The \$1.6 million grant for the realignment of Water Street included the installation of a new streetscape, and expansion of parking. The grant was awarded in November 2013, the bid and work began in the Fall of 2014 and continued after the winter to completion in November 2015.

#### **Riverwalk EEA Funds - February 2016 - \$525,000.**

Received funding to design and permit the remaining Riverwalk components that included: Planting Plan for the Back River and the Powwow River at the EPA site, additional plaza extension at the park along Water Street, new wall at the Powwow River at 25 Water Street, the Riverwalk at Heritage Park with planting and amenities, conceptual design of the Riverwalk extension from Stop and Shop to Elm Street, and a Kayak Launch at Heritage Park. This funding included the installation of the planting plan and plaza. The construction of the Riverwalk is funded by MassDOT for a bid in the Fall of 2017.

#### **Riverwalk MassDOT Funds - Prior Year Authorization - \$619,000.**

These funds are managed through MassDOT and represent the construction value for the Riverwalk project at Heritage Park which include the wall at the banks of the

Powwow River for 25 Water Street. The funds are planned for release in the Fall of 2017 after the City completes the design and permitting through the above referenced project.

Elm Street Hotel TIF - March 2015 to July 2015.

The Tax Increment Financing (TIF) Plan facilitated the development of a 54,000 square-foot, 92-room, \$10-million hotel on the 3.82 acre site at 284 Elm Street in Amesbury. The project began construction in August of 2015 and is at 75% completion in June of 2016.

DesignWerkes Manufacturing TIF - July 2015.

A manufacturer of Hybrid Bus components proposed to construct and operate a manufacturing plant to create 15 jobs over five-years and move from 20,000 square-feet to a newly renovated 40,000 square-foot facility at 2 Industrial Way. The TIF will facilitate the rehabilitation of an abandoned, dilapidated manufacturing building into a fully operational high-tech plant with employment for skilled positions. By the end of this report period the building is nearing completion and the majority of the jobs have been created.

77 Elm TIF - June 2016.

The office began working with the developer to facilitate an incentive for the redevelopment of a 24,000 square-foot former mill building. The space is planned for class A office space, facilitated by the TIF tax incentive.

Community Development Block Grant (CDBG) - Federal FY 2015.

The City of Amesbury partnered with the Town of Salisbury, through its Planning Office. The grant includes housing rehabilitation and social service programs. The Town of Salisbury wrote and will manage the grant for \$985,000 across the two communities. The City of Amesbury will provide support services through the Community Development Office, as the lead applicant.

Hockey Rink, 300,000 square-feet - Estimated \$30 million value.

The OCED office, through the Director, worked with the developers to assess opportunities and determine the needs for the development, to facilitate an effective project. The project will move to the Planning Board process by the winter of 2016/2017. The project meets the City's objectives of creating high tax value, job creation, and the economic ripple effect of increased visitation and tourism.

## Planning Department

Nipun Jain, Director of Planning Department

The Planning Department strives to provide a competitive edge to new and existing businesses by facilitating the development of commercial and industrial projects and providing technical and professional assistance to Local Permitting Agencies – Planning Board, Zoning Board, Conservation Commission, and Historical Commission – in order to streamline the permitting process. The Planning Department assists developers by facilitating interagency coordination, project management and proactively developing public-private partnerships for infrastructure improvements and public benefits.

In the last fiscal year, the Planning Department worked with the Planning Board, and other agencies, on the following list of projects. Typically, the work by staff included: zoning research and amendment preparation, presentation of zoning to City Council, permitting and technical review assistance, design review, readiness to proceed and compliance review, and, construction monitoring and permit administration. The Planning Department additionally facilitated the review of site issues, such as: storm water management systems, landscaping, parking, and façade design. Where applicable, offsite improvements were encouraged, such as: sidewalks, street trees, drainage, and traffic circulation.

The size and complexity of projects under review and construction increased substantially from previous years. The Planning Department spent considerable time and effort getting approved projects ready for construction, by assisting the development teams in compliance review and readiness to proceed with construction. In this period, commercial and industrial projects of approximately \$42 million-dollar value are under construction or completed, and, other projects of \$6 million-dollar value are ready for construction.

<b>Project Name / Organization</b>	<b>Project Description</b>	<b>Permits Filed; Other Relief; Current Status</b>	<b>Value (Approx.)</b>
Bailey's Pond 24 Pond View & Summit Ave.	100-unit multi-family residential development. Original site plan approval modified with a new road layout, reduced unit count, club house, recreational trails and new building designs.	Site Plan Approval; <b>Under Review - November 2015</b>	\$45,000,000
47.5 - 57 Kimball Rd.	8-lot subdivision proposed with access via common access driveway. Required approval from Planning Board and Conservation Commission	Definitive Subdivision; 4 Special Permits – Water Resource Protection; Floodplain & Wetlands; Residential Cluster and Common Access Driveway <b>Under Review – June 2016</b>	\$5,000,000
68 Haverhill Rd.	Redevelopment of 2,750 sf space for Educational Therapy Center	Site Plan Approval – June 2016 <b>Completed – September 2016</b>	\$200,000
Arc Technology	69,000 sf manufacturing	Site Plan Approval;	\$17,000,000

Inc. 29 & 37 South Hunt Rd.	facility addition	<b>Approved – January 2016</b> <b><i>Under Construction</i></b>	
Amesbury Chevrolet 107 Macy St.	16,000 sf building and service area addition	Site Plan Approval; <b>Approved – May 2016</b>	\$3,200,000
77 Elm St. Mill Office Building	Conversion of historic mill building into retail and office suites. Improvements along Fruit Place included new parking lot, sidewalks, street trees and drainage improvements.	1 Special Permit; Site Plan Review (SPR) <b>Approved – May 2016</b> <b><i>Under construction</i></b>	\$3,500,000
National Grid Brownfields Restoration 10 Water St, 39 & 39A Water St, and 33 Oakland	Remediation of Brownfield site and re-establishment of wetlands; included City-owned property.	4 Special Permits, Site Plan Review (SPR) <b>Approved - June 2016</b> <b><i>Under Construction</i></b>	\$1,000,000
SunEdison Solar Facility 23 Martin Rd	Installation of a 3 MW (Large Scale) Solar Facility on existing landfill.	Zoning Amendment; Site Plan Review (SPR) April 2016 <b>Approved – Nov 2016</b>	\$3,000,000
Hat Factory Marina 60 Merrimac St.	2,077 sf office and assembly building for the Marina members	Special Permit; Site Plan Review (SPR) February 2016 <b>Approved – May 2016</b> <b><i>Under construction</i></b>	\$ 450,000
Coffee Roastery 79 Elm St.	840 sf manufacturing and packaging space retrofit	Site Plan Review (SPR) October 2015 <b>Approved – March 2016</b>	\$ 400,000
Amesbury Soccer Association 219 Lions Mouth Rd.	Construction of Soccer Athletic Fields	Site Plan Review (SPR) February 2015 <b>Approved – November 2015</b>	\$1,500,000
Eastern Lights Subdivision 37 Middle Rd.	6-lot subdivision proposed with access from Middle Road	Definitive Subdivision; Special Permit – Cluster <b>Approved - June 2016</b> <b><i>Under Construction</i></b>	\$3,500,000
Eagle Point 29 Clarks Rd.	56-unit rental project proposed under Chapter 40B with 25% units deeded affordable units. Project proponent proposed major changes to the final decision, permit requirements and required approval by the ZBA	Comprehensive Permit Extension <b>Approved – February 2016</b>	\$16,800,000
Meadowbrook Estates Kimball	240-unit condominium project proposed under Chapter 40B	Comprehensive Permit Extension <b>Approved –</b>	\$60,500,000

Rd.	with 25% units to be deeded affordable units. Project proponent proposed major changes to the final site layout, unit types and infrastructure design for consideration and review by the ZBA and Conservation Commission	<b>October 2015</b>	
Attitash Views – Haverhill Road	48-unit condominium project proposed under Chapter 40B with 25% units to be deeded affordable units. Project proponent proposed major changes to the final site layout, unit types and infrastructure design for consideration and review by the ZBA and Conservation Commission	Comprehensive Permit Extension <b>Approved – February 2016</b>	\$16,500,000
Hunt Rd Solar Facility 56 South Hunt Rd.	Installation of a 6 MW (Large Scale) Solar Facility on existing private landfill.	Zoning Amendment; Site Plan Review (SPR) <b>Approved – March 2016</b> <i>Under construction</i>	\$5,000,000
Point Shore Meadows 19 Evans Place	13-lot subdivision proposed with access from Evans Place in the historic Point Shore neighborhood; Required off-site water line upgrades; 70% of the parcel deeded as public open space.	Definitive Subdivision; Special Permit - Cluster <b>Approved – October 2015</b> <i>Under Construction</i>	\$7,000,000
Amesbury Heights 36 Haverhill Rd.	240-unit multi-family residential development with 20% affordable units. Off-site Rte 110 and Rte 150 intersection improvements. Additional Review of 100% off-site traffic improvement plans.	Smart Growth – 40R Site Plan Zoning Amendment – State and Local review Approved – April 2015; Off-site traffic improvements <b>Approved - December 2015</b> <i>Under construction</i>	\$54,000,000
Hatter's Point, Phase 2 60 Merrimac St.	Expansion and alteration of a National Historic site to build 45 luxury condominiums along the Merrimac River, Hatter's Point – Phase 2.	Zoning Amendment; 4 Special Permits, Site Plan Review (SPR); <b>Approved – October 2015</b> <i>Under construction</i>	\$40,000,000
E.F. Shea Concrete 87 Haverhill Rd/Rt 110	Construction of a 14,400 sf office building.	Special Permit; Site Plan Review (SPR); <b>Approved - August 2015</b> <i>Under Construction</i>	\$2,000,000

13 Lake Shore Dr.	Single-family residence in Water Resource Protection District along Lake Attitash	Special Permit; <b>Approved - August 2015</b>	\$400,000
Carriagetown Upholstery 27 Pond St.	Artisan Use	Special Permit and Site Plan Approval; <b>Approved - August 2015 Completed</b>	\$200,000
28 Lake Attitash Rd.	Single-family residence in Water Resource Protection District along Lake Attitash	Special Permit <b>Approved - August 2016</b>	
56-58 South Hampton Rd Locke Hill Lane	15-lot subdivision proposed with access from South Hampton Rd; 70% of the parcel deeded as public open space and trails, connecting South Hampton Rd to Powwow Recreational Area.	Definitive Subdivision; Special Permit - Cluster <b>Approved and lot released – October 2015 Under Construction</b>	\$7,800,000
Hotel 248 Elm St.	Construction of a 92-room hotel, and parking lot.	Site Plan Review (SPR); Approved– March 2015 <b>Completed – September 2016</b>	\$7,200,000
Cumberland Farms 241-243 Main St.	The project replaced an existing facility with a new 5000 sf convenience store with new gas pump locations.	1 Special Permit; Site Plan Review (SPR); Major improvements at cemetery <b>Completed – October 2015</b>	\$1,600,000
ANR Subdivisions	Creation of new lots; lot line adjustments	8 Applications – Approved	
Sign Applications	Business signs	10 Applications- Approved	

**Zoning Amendments:**

<b>Zoning Changes</b>	<b>Brief Description</b>	<b>Beneficial Outcomes</b>
<b>Renewable Energy Development Overlay District - Expansion</b>	The boundaries of the Overlay District were expanded to include the landfill along Rte 150 and Martin Rd in the Industrial Zoning District.	With the expansion of the boundaries in the Overlay District, a 3MW Solar Facility proposal on a landfill will move forward.

<b>Planning Initiatives</b>	<b>Brief Description</b>	<b>Beneficial Outcomes</b>
<b>Amesbury Heights: Subsidized Housing Units</b>	The Planning Office worked with the Developer for approval from DHCD of the Low Income Application for 20% of the units deeded as affordable units in perpetuity.	These units are counted towards the Subsidized Housing Inventory (SHI) for Amesbury to provide diversity in the housing types available to residents of Amesbury.
<b>Open Space and Recreational Plan</b>	The Draft Plan was updated with additional information, new maps and a revised Action Plan.	The final plan, upon approval by the Commonwealth, will be valid through 2019 and will enable the City to apply for various state grants, including PARC grants for improvements to open space and recreational facilities

## **Conservation Commission**

John Lopez, Conservation Commission Agent

### **Selected Approved Projects**

#### **Amesbury Trails Association – Great Swamp Trail Boardwalk Project**

The Amesbury Conservation Commission reviewed and approved a project submitted by the Amesbury Trails Association and the Lake Gardner Improvement Association for the construction and installation of a 300 ft. boardwalk through conservation land owned by the Essex County Greenbelt Association (Greenbelt) abutting public land owned by the City of Amesbury. The project improved an existing woodland unimproved legacy track, which terminates at Ashley Drive. The trail offers residents hiking and recreational opportunities between 29 acres owned by Greenbelt, which includes the Great Swamp and that which is owned by Amesbury residents. As the only trail system connecting the Amesbury Town Forest and the south side of the city-owned Woodsom Farm, the track is actively used year-round by walkers and birdwatchers during Spring, Summer, and Fall, and snowshoers and cross-country skiers in the Winter.

#### **Unity on the River – Macy Street**

Unity on the River, a congregation numbering in the hundreds, proposed the construction of a meditation garden consisting of a landscaped area with native plants, a labyrinth, and a sitting area. The project proved challenging as the location was within a 200-foot riverfront buffer zone, which heightened the regulatory review process at the state and local level. At the core of the congregation is the belief that enrichment is achieved through meditation. Working with the congregation, Amesbury conservation commissioners approved a project that met the performance standards of the Massachusetts Wetlands Protection Act and the Amesbury Wetlands Ordinance.

#### **Hatter's Point Marina**

Having undergone a substantial review, the Amesbury Conservation Commission approved improvements of an existing marina on the Merrimack River. The approved project consists of the construction of a marina building to replace a temporary trailer, which served as the administrative office. Due to the location of the proposed project being within a flood-zone, as designed by the Federal Emergency Management Agency, a number of issues were addressed in order to ensure compliance with federal, state and local laws. Working with the applicant, conservation commissioners approved a project that met the needs of the applicant, the boating public and the law while promoting and enhancing general public access to the riverfront. As a result, the public is able to access the Merrimack River to enjoy a myriad of activities including strolling along the riverfront on a walkway to fishing and birding.

#### **Former Manufactured Gas Plant, Contaminated Waste Site Cleanup – Water Street**

After a complicated review process, remediation of a former manufactured gas plant along the Powwow River abutting Water Street and Oakland Street began. Although the project was approved in late 2014, numerous amendments to the original approval were requested by the applicant. Remediation efforts began in late 2016, with a scheduled completion date of April of 2017. Work must be completed before the return of Federal and State protected endangered species in the Spring. To ensure compliance with environmental laws, the activity is being closely monitored by both the applicant (National Grid) and the Conservation Commission. Monitors assist the

Conservation Commission to ensure the work remains in compliance and on schedule.

### **37 Middle Rd – Subdivision and Associated Drainage Improvements**

An extension was approved for the construction of a roadway, six single-family homes, associated site work, storm water management structure and the replacement of a culvert under Middle Rd. The approval was initially granted in July of 2009. For a variety of reasons, the applicant was unable to continue the project after clearing the site of trees and vegetation. The site sat fallow for years while the Conservation Commission, together with staff from the Massachusetts Department of Environmental Protection, pursued efforts to re-engage the applicant through a variety of means. Negotiations continued with agreement reached in the Summer of 2016. A required wetlands restoration was reviewed and approved by the Conservation Commission and implemented by the applicant during the 2016 growing season. The restoration serves as a model for further remediation at other sites. The project, which includes the applicant replacing and improving a vital culvert under Middle Rd, is underway.

## **Energy and Environment Department**

Thomas Barrasso, Manager of Energy and Environment Department

### **Scope:**

The Energy and Environment Department's energy focus includes: the development of conservation and renewable projects within the context of a) the Commonwealth of Massachusetts Green Communities program; b) utility incentive programs; and c) opportunities established by the City through the department. The Department's focus on Environment includes: a) Brownfields redevelopment; b) management of City-owned contaminated properties; c) oversight of assessment and remediation projects in which the City is a stakeholder; and d) City compliance with all Commonwealth of Massachusetts, and, Federal environmental laws and regulations.

### **Energy**

Energy projects are categorized as a) the Green Community Designation and Grant Program under MA DOER, b) City infrastructure improvements using incentives from the utility company National Grid, and c) renewable energy efforts.

#### **Green Communities Grant 2015 - \$307,140.**

The second annual grant awarded to the City, included the following opportunities for energy conservation and savings for the Middle School. 1) Vending Misers, which are timer and motion sensor controls that reduce the energy use of vending machines; 2) De-stratification fans for the main gymnasium to properly distribute heat; 3) capital work on the Steam Trap Repair/Replacement boiler works; 4) the installation of an Energy Management System (EMS) for Middle School and High school. The outcome of the EMS technology is an effective system to manage the facility by adapting to unique scheduling demands.

#### **Titcomb Landfill Solar**

The Titcomb Landfill site was planned for Soccer Fields years ago. The Department realized the current opportunities for revenue and environmental benefits began the process to create a solar field in 2014. An RFP for the project resulted in the selection of SunEdison to build a 3-5 megawatt solar array atop the closed landfill. The result will be a financial benefit to the City through a Payment in Lieu of Taxes (PILOT). Negotiations and permitting are ongoing at the time of this annual report period.

**Fire Station Lighting: June 2016**: Replacement of existing lighting fixtures in all AFD bays with efficient LED lighting improved safety and the workplace environment for firefighters while decreasing operational costs. The project was executed with City and utility rebate funding.

**Citywide Interior Lighting Conversion to LED**: As part of the 2013 baseline energy audit, lighting in municipal buildings was identified as a critical ECM. The goal is to replace the maximum number of lighting units as possible in either a citywide or phased approach.

**Citywide Boiler Reset Controls: Completed 11/28/2016**: Boiler reset controls moderate boiler temperature ranges to provide efficient heat by modulating their working temperatures with that of the outdoor ambient air. Controls were implemented at: City Hall, Middle School, High School, and Amesbury Elementary School.

DPW Boiler Replacement Support: Ongoing with a goal for completion by January 2017.

Assisted Amesbury DPW with evaluation and utility incentive applications for a new boiler for City Hall heating. The goal is to increase the level of heating efficiency, and to reduce operational costs while maintaining a healthy working environment.

DPW Buildings' Heating Systems Evaluation and Modifications: Ongoing with a goal of completion by January 2017. Assisted Amesbury DPW with an evaluation and utility incentives of their buildings' heating systems with the goal of increasing energy efficiency and operational cost savings.

Water/Wastewater Variable Speed Pump and Motor Upgrades: Water Treatment - Complete/Wastewater – Completion by January 2017

Energy Manager Grant \$20,000 for two years: The grant funds a position that provides the City with the professional capacity to move forward on multiple conservation and renewable projects. Thomas Barrasso was selected in January of 2015 to fill the position.

## **Environment**

Environmental projects, described below, can be broadly categorized as Brownfields evaluations, in support of economic development efforts by the City, which involve compliance with regulations under the Commonwealth of Massachusetts and Federal EPA. At properties that were, or, are currently owned by the City, the City has taken the lead on primary interaction with the regulatory authorities.

Lower Millyard, MA DEP compliance, completion of work under Mass Development Funding – Working cooperatively with Massachusetts Department of Environment Protection (DEP) the Department evaluated eight Release Tracking Notices (RTN) toward developing a plan for closure. Currently there are eight (8) RTNs associated with the ongoing work of redevelopment of the Lower Millyard.

Microfab: An abandoned manufacturing plant, with contamination for 30 years, became a cleanup target for the Department's efforts. The City established a strong relationship with the EPA to enter the site onto the National Priorities List. An effective outreach program to concerned citizens demonstrated the City's support to the Federal and State Agencies. More proactive actions are planned by the department through coordination with EPA and the Mass DEP.

National Grid MGP Site at 39 Water St.

Provided technical support to evaluate the plan and execution of the remediation strategy for the former MGP site. A portion of this project involved a parcel of land owned by the City.

# **INSPECTIONS DEPARTMENT ANNUAL REPORT**

## INSPECTIONS DEPARTMENT

July 1, 2015 - June 30, 2016

*(Building, Plumbing/Gas & Electric)*

- Denis Nadeau, Bldg. Com. / Zoning Compliance Officer
- Donna Lickteig, Adm. Asst.
  
- *Brett Burdick, Plumbing & Gas Inspector (part-time)*
- *Barry McBride, Electric Inspector (part-time)*

The Inspections Department issues permits for work being done in the City of Amesbury and ensures that all building is in compliance with the City of Amesbury Zoning By-laws, City of Amesbury By-laws/Ordinances, Massachusetts General Laws, Massachusetts State Building Code 8th Edition, International Building Code, Architectural Access Board, National Electric Code w/Mass. Amendments (NEC), National Fire Protection Agency (NFPA 70) and Massachusetts Fuel, Gas & Plumbing Code.

In addition, the Inspections Departments, in accordance with 780CMR State Board of Building and Regulations Standards, performs 80 annual inspections of public buildings and 62 inspections for churches and in-law apartments.

The Inspections Department is self-supporting. Please see below for the permits issued for Fiscal Year 2016 and the accompanied revenue received associated with these permits. These are permit fee costs, not construction value.

### ***BUILDING PERMITS***

Single-Family Dwellings	34	\$ 72,468.00
New Construction – commercial	8	\$ 15,257,520.00
Certificate of Inspection	70	\$ 12,075.00
Occupancy Certificates	44	\$ 2,025.00
Additions	13	\$ 6,078.00
Alterations – residential	231	\$ 45,890.00
Alterations – commercial	34	\$ 57,800.00
Decks	28	\$ 3,906.00
Windows – residential	44	\$ 4,395.00
Roofs – residential	84	\$ 7,425.00
Roofs – commercial	12	\$ 4,850.00

Demolition	8	\$ 380.00

# **DEPARTMENT OF PUBLIC WORKS ANNUAL REPORT**

## **Department of Public Works**

### **July 1, 2015 - June 30, 2016**

The Department of Public Works is responsible for the maintenance and improvement of all city infrastructure. The Department's work can be categorized into nine divisions:

Administration  
Engineering  
Facilities  
Highway  
Recycling, Compost and Refuse  
Sewer  
Snow and Ice  
Trees, Parks and Cemeteries  
Water

#### **Administration Division**

Administration handles work requests, issues work orders, plans, sets policy, handles procurement, payroll, account payable and is responsible for the overall direction of the department.

#### **Engineering Division**

Engineering handles the technical aspects of the departments work. This includes survey, design, review and inspection of various elements of work in the City. The Engineering Department also manages the city's watershed and water control structures such as dams.

#### **Facilities Division**

The Facilities Division conducts maintenance and improvements to Amesbury's public buildings and other structures.

Specific Projects this year:

- Rebuilt stairs at City Hall
- Built storage rooms on the stage at City Hall
- Repaired roofs and gutters at several buildings
- Installed Park Benches
- Improved Splash Park
- Renovated Bathroom at Fire Station and Police Station
- Renovated Locker room at Police Station
- Library vandals
- Structural improvements to Bandstand

## **Highway Division**

The Highway Division maintains the roadways, sidewalks, drainage systems, catch basins, drain manholes, sewer manholes, signs, traffic controls, period lighting, tree grates and the compost facility.

The following is a list of specific tasks:

- Set up for special events.
- Set up and breakdown of voting equipment.
- Set up for City meetings.
- Assist all other Divisions with various projects and emergencies.
- Schedule and monitor contractors hired to sweep streets, parking lots, clean out catch basins, paint center lines, fog lines and various other projects and emergencies.
- In house line painting, crosswalks, stop bars, arrows, word symbols, parking spaces, handicap spaces, No parking areas in downtown area, all parking lots and schools.
- 230 tons of hot top was used to patch around catch basins, manholes, water trenches, drainage trenches, settled trenches, potholes, repairs to road.
- Catch Basins cleaned 452
- Street Sweeping – approx... 200 lane miles
- Parking Lots swept 9
- School Parking Lots Swept 4
- Street Name signs installed 20
- Safety and Regulatory signs installed 34.
- In house – Hot top around the manholes and catch basins.

## **Recycling, Compost and Refuse Department**

The compost site at 60 South Hunt Road received approximately 500 tons of yard waste and brush and was open Thursday through Sunday from April to December.

Statistics taken yearly on municipal recycling and trash collected by contractor G. Mello shows:

Recycling rate 32.6% of total waste was recycled.

Recycling Tonnage was 2073.91 saving \$131,610 if it was thrown in the trash.

Solid Waste Tonnage was 4595.52

## **Wastewater Division**

The Wastewater Division operates and maintains the Amesbury Water Pollution Abatement facility and over 55 miles of gravity and force mains located throughout the city. The staff also performs O & M on 28 pumps stations located throughout the city.

The Wastewater Division administers an Industrial Pretreatment Program as part of its compliance procedures in accordance with its NPDES permit. Under this program, the City permits the discharge of industrial process wastewater to the AWPAP in order to enforce not only locally imposed limitations but also federal guidelines. The staff conducts industrial sampling and inspections throughout the year. No violations were found this year.

The AWPAP treated 523 million gallons of wastewater during the year. The staff is also responsible for sewer main blockages and breaks. The staff does monthly O & M on trouble mains in the City by jetting troubled sections of pipe throughout the City.

Plant staff has made repairs and improvements to many of the 28 pump stations throughout town, including new controls and pump repairs. Staff rebuilt the influent and return sludge pumps with new new impellers, seals and bearings.

Collection systems staff performed O & M on all 28 pump stations and grinder pumps located in the Lake Attitash area.

### **Snow and Ice Operations**

The Highway Division is responsible for plowing and removal of snow from streets, parking lots, sidewalks, all public buildings to include all schools.

Snow operations also include salting, sanding, putting out sand barrels and refilling as needed.

Post storm operations include scraping, pushing back and removal of snow piles and windrows.

The Highway Foreman oversees the entire public works snow operational staff and contractors. Approximately 40% of snow plowing is performed by contractors, Town plows 18, contractor plows 22, 3 sidewalk plows.

Inches of Snow Reported 39"

### **Tree, Park, Cemetery (TPC) Division**

The Tree Division plants trees and maintains an undetermined number of trees on City property, including the schools, parks, recreational areas, municipal building properties and public right-of-ways.

- Scheduled Removals: 0
- Prune-outs, Staff 4
- Prune-outs, Contracted 12
- Emergency Removals 12

This year tree planting was funded by the DPW budget, 4 trees were planted.

The Park Division is responsible for the mowing and trimming cultivated turf areas. The division is also responsible for mowing roadside and conservation areas, weeding, edging, planting, mulching, shrub beds and pruning shrubs. Park staff also constructs and maintains bleachers, playground equipment, picnic tables, drinking fountains, fencing and park/playground benches. The staff prepares and cleans sites for special events, assists with snow plowing operations and the Christmas tree recycling program on as needed basis.

Other work performed by the division:

- Maintenance on municipal buildings
- Assist the Chamber of Commerce, ADBA and Mayor's office with Amesbury Days.
- Assist the School Department and Housing Authority
- Assist the Chamber with summer and fall events and concerts
- Assist with set up and removal of the Christmas tree at Market Square and hanging garland downtown.

Collecting trash and servicing of convenience stations at City Park, Downtown, Millyard, Tuxbury Dam, Alliance Park, Collins Street Playground, Training Field, Deer Island, Batchelder Park, Battis Farm, Huntington Memorial Park, Town Forest, Union Cemetery, Mt. Prospect Cemetery and the Riverwalk is serviced at scheduled times or as needed.

The Cemetery Division is responsible for the administration, maintenance and operations of four (4) cemeteries. The Tuxbury Cemetery on Kimball Road, The Old Corner Cemetery on Elm Street (both are listed as historical cemeteries). The Mt. Prospect Cemetery on Elm Street and the Union Cemetery on Haverhill Road.

The Cemetery division works with the Cemetery Advisory Commission to update rules and regulations.

## **Water Department**

The Amesbury Water Department consists of three divisions; Maintenance, Treatment and Meters. The three divisions are dispatched out of the Ring's Corner Pumping Station located on Newton Road.

The Maintenance Division repairs pipes, valves, hydrants and does all work associated with the distribution system. Over the last few years this group has also replaced water mains throughout the City. They repaired 11 water breaks and 7 hydrants; they replaced 10 hydrants and 3,615 feet of water main.

The Treatment Division operates the treatment plant, turning river water into potable water for Amesbury.

Amesbury added a new chemical system (Chlorine Dioxide) to the treatment process this year to help in manganese removal.

<b>Amesbury Water Treatment Division</b>			
<b>Fiscal Year 16</b>			
Highest Amount of Water Pumped From River in one Day	<b>2,464, 463</b>	gallons	26-Jun-16
Highest Amount of Water Pumped to City in one Day	<b>2,445,372</b>	gallons	26-Jun-16
Average Amount of Water Pumped to City in one Day	<b>1,344,071</b>	gallons	
Highest Amount of Water Pumped to City in one week	<b>15,007,358</b>	gallons	14-20-Aug-15
Highest Amount of Water Pumped to City in one month	<b>58,523,545</b>	gallons	Aug-15
Amount of Water Pumped to City for Year	<b>491,930,124</b>	gallons	

The Meter Division reads all meters in the City quarterly, performs final reads on property transfers and assists customers with billing issues.

# **AMESBURY PUBLIC SCHOOLS ANNUAL REPORT**

# **AMESBURY PUBLIC SCHOOLS**

**July 1, 2015 - June 30, 2016**

## **Amesbury Public Schools' Mission Statement**

"The Amesbury School District is unconditionally committed to every child, ensuring that all students experience success through the development of attitudes and skills necessary for lifelong learning by providing the highest quality staff, meaningful learning experiences, and a vitally involved community."

## **Introduction**

The 2015-2016 school year was marked by much transition in the central office. In addition to a new superintendent starting in January, there were also shifts in key leadership positions in the special education and business department. Despite the transitions, the district was able to continue moving forward with its mission and began to develop a strategic plan for the next five years.

The staff of the Amesbury Public Schools are proud of the accomplishments of our students, whether it be in academics, sports or community service involvement. It is our belief that if you demonstrate care and compassion for students, then the students will emulate that behavior towards others.

## **Student Achievement**

Amesbury Public schools utilizes multiple data points to measure student achievement and growth. This includes both formal and informal assessments. The state mandated testing is a measure that people in the city and throughout the Commonwealth are most familiar. There are many ways that the data from MCAS can be analyzed. One helpful measure is called student growth percentile. This score provides an indication of how students performed from one year to the next as compared to other peers across the state that had the same score in the first year. For example, John's fifth grade MCAS score in math was 238 (just below proficiency). In sixth grade, he achieves a score of 246 (in the proficient range). He receives a student growth percentile (SGP) score of 62%. This SGP score means that compared to other students that had a score of 238 in fifth grade, John's growth of 8 points on the test was better than 62% of those students. The table below shows the district's average growth from the 2015 MCAS assessment to the 2016 MCAS assessment.

Grade Level	Test Subject	Student Growth Percentile
Four	English Language Arts	60.0
	Mathematics	65.0
Five	English Language Arts	31.0
	Mathematics	46.0
Six	English Language Arts	32.0
	Mathematics	35.0

## Curriculum and Professional Development

This year Amesbury Public Schools is using the Understanding by Design (UbD) framework as a process to re-envision, align, and integrate social emotional learning competencies in our Pre-K-12 curriculum. There are three stages to the UbD design process: in Stage one we consider our goals, examine established content standards, and review curriculum expectations. In Stage two we consider the assessment evidence we need to document and ensure our targeted learning outcomes will be achieved. Finally, in Stage three, teachers design lessons and units to align to our established goals.

Our work for the 2016-2017 school is focused on Stage one—defining the knowledge, skills and understandings our students need in order to be successful. The district Leadership Team and a committee of sixteen Curriculum Facilitators began the planning to implement this work in April, 2016. In September, all teachers and administrative leaders in the district started the process of defining content area transfer goals.

Our Curriculum Facilitators receive a full day of professional development each month so they are prepared to lead their colleagues in this work. Many of the district's professional development days have been devoted to this initiative and to providing the teachers with the training they need in order to do this work successfully, although we have been mindful of balancing the professional development days so that other professional training needs are met.

The district will continue to integrate academic and social emotional learning outcomes as we complete our transfer goals. Transfer goals acknowledge that our students attend school to be more than just successful in school; they attend school to become

successful in life. Our transfer goals will be statements about what we need our students need to become independent, resilient, critical thinkers of the changing world in which we live.

### **Amesbury Elementary School**

Amesbury Elementary School aims to provide exceptional instruction without exception for all students beginning with our 3-year-old Pre-K program and going through Fourth grade. We ended the 2015-16 school year with 425 students enrolled at AES.

This year one of our focus areas was on developing leadership skills in our students with a specific emphasis on fourth grade. Some of the ways in which our students responded included:

- leading six schoolwide assemblies that focused on character development
- expanding our tech helpers program in which students assist all teachers with setting up and using technology
- creating a Big Buddy program in our Pre-K and Kindergarten classrooms at the start of each day
- serving as student ambassadors during our Kindergarten screening days, greeting parents and escorting them to the classrooms

AES students also continued to give back to their community in a number of ways including: the American Cancer Society's Mini-Relay-for-Life; the American Heart Association's Jump Rope for Heart; donating to Our Neighbor's Table through our garden as well as a canned food drive and to the Pettengill House winter clothing drive; working on community projects with the Amesbury Council on Aging; and participating in the Hearts for Heroes project led by Rosie Werner for the Walter Reed Army Medical Center

- AES continued our partnership with Salem State University's School of Education hosting five student teachers during the year. Of our new hires for the upcoming school year, two of them will be SSU graduates who completed their internships at AES.
- We are very grateful for the amazing support provided to us by the newly envisioned Amesbury PTO. After having been a PTA for many years, our parent group felt that the time was right for them to have more of a say in how to structure and run the organization.
- Finally, we had to say good bye to two long-time members of our AES family who retired after many years of service to the children of Amesbury: Nancy Sullivan and Patti Mooers.

## Cashman Elementary School

Mrs. Stellmach, first grade teacher, leads Friday science walks. Children explore the amazing open spaces around our school! As budding scientists they are honing their observation and record keeping skills.

Cashman Elementary School strives every day to provide every child with opportunities to joyfully explore, learn and grow. It is our mission to ensure that our students are prepared for the future – one we can only imagine. Building the citizens of tomorrow's world is no small task.

At Cashman we work each day to meet the needs of every child in our care. We rely heavily on our Amesbury community for not only support but for inspiration. Amesbury is about citizenship! Many of our teachers make use of the Amesbury community resources on a regular basis. The Cashman School is now surrounded by beautiful gardens thanks to our Mrs. Barnaby, an AEFI Grant, and the work of supportive staff and students. Traditions are important here at the Cashman School. Many of our most important traditions include giving

back to the community that supports us. Children contribute items for Our Neighbors Table as a part of many of our Student Council led celebrations throughout the year. The CES annual Jr. Relay for Life this year raised nearly five thousand dollars for the fight against cancer. Jump Rope for the Heart encourages students to help to fight heart disease. We challenge every student to become the best they can be and to make the world a better place!

The Amesbury Schools have recognized the need to meet the need of our continuously changing population. The profile of our Cashman students has changed over the past few years. Our students face challenges and have essential needs in regard to learning that did not exist a few years ago. Many children are entering school significantly less ready to learn than five years ago. We take the time to help support our learners as they come to us. It takes longer to reach proficiency in basic literacy and mathematics skills, but based on multiple measures our students consistently demonstrate academic and social and emotional growth.

Mrs. Barnaby spearheads our garden projects each year. Our Cashman "salsa garden" sponsored by AEFI provides vegetables and herbs all spring, summer, and fall. Here students do a late fall harvest to benefit Our Neighbors Table.

Mrs. Bettencourt, pre-school teacher to both her morning and afternoon classes, went on a field trip to Cider Hill for some autumn explorations! Our 3 and 4 year olds loved the learning and the snacks!

We meet these challenges by working with community partners like Pettengill House, our School Resource Officers, and local service providers. Working together with families is more important than ever before. District-wide, all educators are participating in curriculum work that will infuse social and emotional learning into every content area. Professional collaboration and commitment to inclusive well-defined improvement efforts continue to be the hallmark of the work being done by all staff at the Cashman School. This year our Cashman Leadership Team, a group of dedicated staff, is working to further refine our process for improvement. Our teams of professionals will now be able to even more closely focus on examination of multiple forms of assessments to identify our strengths and weaknesses resulting in more effective planning for every child. We have worked hard to establish a schedule that

will allow grade level teams to consistently share common planning time. This team approach of data analysis for setting goals and planning improvement will ensure optimal use of the highly trained professionals we are fortunate to have working for our schools. The work done by these teams will be essential to the Cashman School Council in the crafting of our annual School Achievement Plan.

Every year our volunteers provide hundreds of hours of help and support for our students and staff. These hours of work are quite simply critical to our ability to maintain forward momentum for our students. We are so grateful for our community and school. Cashman teachers take real advantage of the magnificent setting of our Woodsom Farm and Amesbury community for building powerful connections in virtually all content areas. Our gardens, fields, woods and ponds are the basis for study in reading, writing, mathematics, science, and social studies. Our students did walking tours of Amesbury to gain deeper understanding of the maps and stories they were hearing. The Cashman School works each day in harmony with our community to give our students the benefit of rich experiences that bring learning to life. I would like to express many thanks to the Amesbury community for their continued support. Through the good times and the challenging times Amesbury has demonstrated real commitment to its schools. Cashman School, because of this support, helps the children of Amesbury to prepare for a future we can scarcely imagine.

Mrs. Caruso, first grade teacher, helps her student refine his three dimensional model of an anatomically correct ant. He is careful to be sure that the six legs of his insect are connected to the thorax and not to the abdomen or head!

## **Amesbury Middle School**

As always this year's annual report is dedicated to every student, teacher, administrator and community member who in some capacity is actively involved with the Amesbury Middle School. All of these people worked extremely hard throughout the school year and through the development of the FY 17 budget to ensure that every single adolescent student receives the best possible education. As a result of these efforts, Amesbury Middle School was able to hire additional staff to begin the process of rebuilding programs and services that were eliminated due to lack of funding support. This positive step towards providing students with the resources and support needed to deliver a quality education supports the mission of the Amesbury Middle School community in" ensuring that all students receive a dynamic and challenging middle school experience." As a school community we continue to strive in assisting adolescent students in meeting their individual academic, social, and emotional needs.

Amesbury Middle School's commitment to providing the students of Amesbury a quality education has led us to the development of a School Achievement Plan for the 15-16 school year. This plan used both state and school based assessment data as well as input from teachers, administrators, and school council members in identifying the goals and action steps we wanted to address. Over the course of the school year teachers and administrators have been working together in order to provide programming and learning experiences that will help students meet both the Common Core standards and the MCAS assessment requirements in both ELA and mathematics.

### ***2015-2016 Educational/Cultural Highlights***

- Amesbury Middle School achieved a 45% growth in ELA and 52% growth in Mathematics for Spring MCAS testing in 2016. This represents a 6% increase in ELA and a 14% increase in Math. AMS remains a Level II school.
- Teaching and Learning Alliance invited AMS Principal Michael Curry to Fort Lauderdale, Florida on October 5<sup>th</sup> to co-present at a day long workshop with a private school consortium of school districts about the implementation and use of Lab Classrooms to improve teacher instructional practices and student learning.
- AMS Scheduling Committee Designed a schedule with the addition of EAST Exploratory Spanish position to eliminate Academic Prep Periods covered by school administration in grades 6 & 7.
- AMS received an \$1800.00 Teaching and Learning Alliance Scholarship Award so that Lab classroom teachers could receive additional training in both curriculum development and instructional strategies as it pertains to balanced literacy.
- AMS teacher Catherine Hill wrote and was awarded the \$10,000.00 Jordan Shay AEFI grant for, "The Pow-wow River: Amesbury's Artery" and Mary Mitchell, AMS Health Teacher, was awarded a \$5,000.00 AEFI grant for, "Why Can't We Get Along", to train students in peer mediation.
- Sixth grade Blue team students Egypt book sharing and visitation with third grade Cashman students.
- 5<sup>th</sup>/6<sup>th</sup>/7<sup>th</sup> grade students received 20 hours of intense training by professional mediators from North Shore Community Mediation Center in December 2015 and

February 2016 to help them mediate student conflicts as they occur over the school year. This kind of conflict resolution helps all students understand the importance of a person's point of view through the use of active listening so that a positive solution can be reached by both parties. This program is essential in helping the school community maintain a positive school culture. Thus far, our School Based Peer mediation program has handled over 70 successful mediations.

- Amesbury Public Schools competed in this year's Destination Imagination regional tournament on Saturday, March 19th. This year's regional tournament had 96 competitors, of which Amesbury Middle School had 5 teams. Three AMS teams won first place and qualified for the state competition in Worcester on Saturday, March 19th. Saturday March 26th the AMS Improv Team, the Improv Abductors – Chase Ayers, Rosie Costello, Montana Currier, Kayla Pelletier and Julia Penny, won 3<sup>rd</sup> place medals and a trophy for our school display case at the DI State Finals.
- AMS Math Team finished in second place in the Gardner Division with 494 points for the 2015-2016 Intermediate Math League.
- On April 29<sup>th</sup> Amesbury Middle School received over \$9,000.00 in innovative grant money from AEFI as a result of middle school teachers grant proposals.
- Eighth grade students Ceara Cronin and Alice Dragnea were selected as AMS Scholar Leaders.
- Anita Marsh, 6th grade Social studies teacher 30 years of service and Maureen Hardin, Library Media Specialist teacher 24 years of service will be retiring on June 30, 2016. Combined there is 54 years of dedicated service to the students of the Amesbury Middle School.

### ***2015-2016 Community Highlights***

- In November 2015 the AMS food drive sponsored by the AMS student council collected over 2000 food items for Pettengill House. In February 2016 another successful food drive was held to support Our Neighbors Table.
- AMS C.A.R.E./Ascend to the TOP program benefitted 100 AMS students who earned the opportunity of climbing Mt. Major for their positive school contributions during the year.
- AMS in partnership with the Amesbury Police Department and The Council of the Aging sponsored a holiday breakfast and concert for senior citizens in December.
- February 4<sup>th</sup>, February 5<sup>th</sup> and February 6<sup>th</sup>, approximately 70 AMS Drama Club students participated in the show, "Bye Bye Birdie, Jr."

## **Amesbury High School**

Amesbury High School is a smaller high school for grades 9 through 12 ending the year with 609 students enrolled with an average class size is 24 -28. There are 44 full time teachers, all (100%) highly qualified, with a student to teacher ratio about 15 to 1. Over the past few years, the reduction in teaching staff coupled with an increase in high needs students have created more challenges in providing for the needs of all students. For FY17, the industrial technology teaching position, has been reinstated. Despite these challenges, Amesbury High School continues provide a quality education to the students of Amesbury.

The culture of AHS is one where students and staff work together. The staff of AHS is highly qualified and truly dedicated to all students. Many most connections with students outside the classroom and volunteer time, going to school events, advising, chaperoning, and “going the extra mile” to be sure the school experience is a positive one for every student. The AHS students are proud of the Gold Student Council award received five years in a row from Massachusetts Association of Student Councils (MASC). Student Council continues to coordinate and lead many of the programs at the school. They enjoyed the second year of a Special Olympics Bocce team which has increasingly promoted a culture of acceptance and caring. They lead our spirit programs and coordinate student government. Students in the numerous co-curricular activities truly work to create a positive and inclusive culture at Amesbury High School. The number of students participating in athletics and co-curricular clubs and activities increased by approximately 7% over the previous year. There are several honor societies where students are recognized for their high achievement. There are competitive academic teams in science and math that have shown remarkable accomplishments. The Robotics program continued for a second year and included students from the Sparhawk School. The school newspaper is published every week and the yearbook continues to be the best in the area. All of these accomplishments are achieved by student leadership with facilitation by high school staff members. The majority of the students participate in at least one of the co-curricular activities or athletics.

Amesbury High School continues to expand its partnerships with community agencies. There is cooperation and collaboration with other town departments and community agencies to provide support for students and families. Partnerships with local institutions of higher learning provide students with additional chances to graduate from AHS being Career and College Ready. In programs with NECC and Salem State University, students are offered numerous opportunities to earn both high school and college credit. Several AHS classes are articulated for credit with North Shore Community College (NSCC). Last spring, conversations about Early College opportunities at NSCC began and has resulted in NSCC applying for a Gateway to College (GtC) grant. If approved, students could begin taking classes in the fall of 2017. For the past seven years, AHS and NECC staff have worked together on a program for Early College (EC). Students enroll as sophomores and take an interdisciplinary History and English class along with a College Success Seminar. In their junior year, students take English and History along with selected classes such as art and sociology. Senior year, these students take Senior ELA for college credit as well. During the second semester of their senior year, students have the opportunity to earn additional credits at the NECC campus, adding to

the total number of credits earned in the Mass Transfer Block. Several Early College students have entered college with enough credits to be categorized as sophomores. Opportunity and support are provided for all students to reach their highest individual academic, social and civic achievement. The EC program continues to be funded by the state due in large part to the efforts of our state Senator O’Conner –Ives and Representative Kelcourse.

The AHS staff and students have embraced the core values and beliefs:

IRRAP – Integrity, Respect for Individuality, Responsibility, Academic Excellence, Problem Solving.

Amesbury High School is committed to inspiring all its students to become problem solvers who take responsibility for themselves and their learning. In fostering this quest for excellence, the AHS community will support and work together with integrity, modeling acceptance, collaboration, and respect. School pride permeates the culture of AHS through time-tested traditions blended with student driven innovations and initiatives.

Amesbury High School students continue to show high achievement, receiving National Merit recognition, increasing AP, SAT and MCAS scores.

One hundred and fifty-five students graduated in Landry Stadium on June 3, 2016. Eighty-two students received 129 scholarships totaling \$139,150.00.

Work	17	11	-4
Other	3	2	0

## **Amesbury Innovation High School**

Amesbury Innovation High School was founded in 2015. The change from a Horace Mann Charter School to an Innovation School has provided AIHS with many opportunities and more direct support from the school committee and school district. The growing support has meant more collaboration from other district schools and administration. Furthermore, it has allowed staff to continue to grow and fine tune the program at AIHS. Receiving the Stroke of Genius award this year was an indicator that community wide recognition of the success of the program is being acknowledged.

The focus at AIHS continues to be on the whole student. Academically, there has been a great push for higher expectations by teachers this year, and students are stepping up to those expectations. More than ever students are gaining confidence in their abilities, not only academically but also socially and emotionally. From a therapeutic standpoint the program is reaching more students, teaching valuable coping skills, preparing students to handle their issues independently, and helping students make healthier choices. Parent and guardian participation and support is greater than ever. The addition of out of district students this year will increase revenue to further support the program and assist students from surrounding communities in experiencing success in a school setting.

Academic enhancements to the program include:

- One to one student to Chromebook ratio
- Teachers use of Google Classroom to manage assignments, lessons, grading and student feedback
- Students complete the majority of their classroom work on their Chromebook using Google Classroom. This reduces lost work and allows students to complete work remotely.
- Thoughtfully planned homework in an effort to prep students for college
- Regular guidance meetings for transitional planning
- Social and Emotional competencies integrated into existing curriculum
- Establishment of Social and Emotional Norms school wide
- AIHS Library
- AIHS students enrolled in AHS classes
- MAP testing 3 times per year

Therapeutic enhancements to the program include:

- Student Support Center available all day for students
- Scheduled meetings with Adjustment Counselor
- Database to monitor progress of students socially and emotionally
- Social and Emotional Learning class for all grade levels
- Social and Emotional assessments
- Therapy provided by independent therapists
- Weekly meetings with Pettengill House
- Restorative Practice
- Trauma Sensitive Practices

In addition to enhanced programming, all staff has returned for the third year. This creates a sense of stability for students that is crucial for their success. The relationships that are formed between staff and students are critical and provide a sense of belonging and safety to students. Staff meet every morning and afternoon to discuss student progress and practices that help students increase their success. This

increase in communication is crucial to providing proper and effective support to all students. This is the first step to creating an environment in which AIHS students can learn. Several indicators of this success include: attendance rate, which is higher than in any prior year, at 93%. All students passed the MCAS test in 2016. All graduates of 2016 had post-high school plans and all are following through with these plans. Six of the seven these graduates never anticipated they would graduate from high school.

The school continues to be at the forefront of education academically, socially and academically.

# **YOUTH SERVICES ANNUAL REPORT**

## **Youth Services**

### **July 1, 2015 - June 30, 2016**

Kathleen Crowley, Director

The goal of Amesbury Youth Services is to provide cultural, educational, recreational and physical opportunities to all youth and maintain all programs in a safe and healthy way. Amesbury's summer recreation programs served over 1,300 youth in FY2016, employed over 63 summer staff and trained 39 counselors in training. Additionally, youth services offered over 45 summer program opportunities, including 12 new programs such as: *Microathletics, Gymnastics, 2 week Shooting Star, Music and Movement, Drumming, Ukulele, Bubblesoccer, Sewing, Chef's Club, Chemical Magic, Rocks and Minerals and Building Rubber band powered Airplanes*. The Provident Community Foundation provided Amesbury Recreation with \$6,600 in grant money for youth summer scholarships and T-Shirts. These scholarships, \$730 in donations, and the City of Amesbury allowed over 40 youth to attend summer camp that could not afford it.

Amesbury Youth Services Provides:

- Elementary Before and After School Programs- Raised almost \$500 for Unicef
- Middle School After School Adventure Program
- Fall and Summer Community Tennis Programs
- Camp Kent Nature Center (Summer Nature Program, Low Elements Project Adventure Course, Kayaking, Sailing, Rowing, Archery, Family Programs, Camping and Bird Watching)
- Counselor in Training Program- 14 and 15 year olds
- Lake Gardner Lifeguards- Daily 9:30- 5:30, up to 200 beach patrons a day
- Permits for Land Use- over 59 land use permits issued in 1 year.
- Kid's Day in the Park- Teddy Bear Parade, Fun Stations w/ prizes, Free Giveaways,

By the Numbers:

- No Taxpayer dollars are used for any youth programs.
- Amesbury's summer camp "Park Program" (including field trips, entertainment and theme days) was offered at \$4.11 per hour- least expensive program in the area
- Amesbury Youth Division served over 1, 330 increasing summer numbers by 21%
- Amesbury Youth Division secured \$9,000 in grants last year.
- Amesbury Youth Division gave out \$28,885 in financial assistance to Amesbury Families in 1 year.
- Amesbury Youth Division had 39 summer Counselors in Training serving 1,952 volunteer hours.

# **CULTURAL COUNCIL ANNUAL REPORT**

**Cultural Council**  
**July 1, 2015 - June 30, 2016**

**PROGRAM SUMMARY**

**2016 Amesbury Open Studio Tour (20<sup>th</sup> Anniversary Event, Nov. 12<sup>th</sup> and 13<sup>th</sup>)**

- Attended by hundreds of visitors from Amesbury and throughout the region
- Featured 100+ local artists and performers at 14 locations
- Included a free trolley for visitors throughout the weekend, sponsored by local businesses/organizations
- Executed multi-artist show at City Hall
  - Featured 17 artists and live music, 750+ attendees
- Executed annual pre-tour artist mixer at 14 Cedar Street Studios, 40+ attendees

***“It was a wonderful experience. The tour produced lots of foot traffic and was great exposure for my shop!”*** –Local business owner

***“Best turn out in 11 years!”*** – Participating Artist

***“This was a very positive experience. Those organizing the event were helpful and available as well as organized and creative.”*** – Participating Artist

**2016 Grant Recipients**

- Funded and promoted 15 local cultural programs in Amesbury and surrounding communities, attended by thousands of residents
- Distributed a total of \$6,200.00 (funds provided through the Mass Cultural Council)
- Key Amesbury Programs: Amesbury Youth Art Show, Amesbury Days Movie in the Millyard (postponed to 2017 due to weather), Hands on History Program (Middle School), Pastel Paint Stunning Stiff Lives Like the Masters (Senior Center), Hats off to Amesbury, Summertime Tea Performance (Whittier Home), The Incredible Mae West Performance (Senior Center), Henry the Juggler (Library Summer Reading), and Amesbury's Bandstand in the Pines (Children's Concert)

**Grant Recipient Reception and Cultural Networking Event (June)**

- Held annual reception honoring grant recipients and showcasing Amesbury's cultural community at 14 Cedar Street Studios
- Attended by 50+ honorees, local/state officials, business owners, artists and community members
- Live music provided by members of the Merrimack Valley Philharmonic

### **Poet Laureate**

- Supported Amesbury Poet Laureate during first year of position, including formation of Poet Laureate Support Committee consisting of Council and community members
- Supported execution of numerous events, including city-wide Poetry Month celebration in April (6 events) and ongoing monthly Amesbury Poetry Night at the library

### **Amesbury Days Art Show (June)**

- Executed art show during Amesbury Days, featuring 25+ local artists
- Additional Event Elements: Exquisite quilt collection from the Merrimac Valley Quilt Guild, Exhibit of Chain Bridge Collection and Al Capp Memorabilia, book signing with local author Edith Maxwell, Local Historians and Poets, Art Demonstrations, Live Music

## **FINANCIAL SUMMARY**

### **Revenues**

- State Revenue: \$6,200.00 (Massachusetts Cultural Council Grant Allocation)
- Other Revenues: \$3,414.16 (Interest accrued on account, locally raised funds)
- **Total Revenues: \$9,614.46**

**Total Expenditures:** \$9,933.17

**Account Balance (end of fiscal year, 6/30/15):** \$9,297.71

**Local Revenue/Interest remaining in Account Balance:** \$3,569.36
